

Group Organization

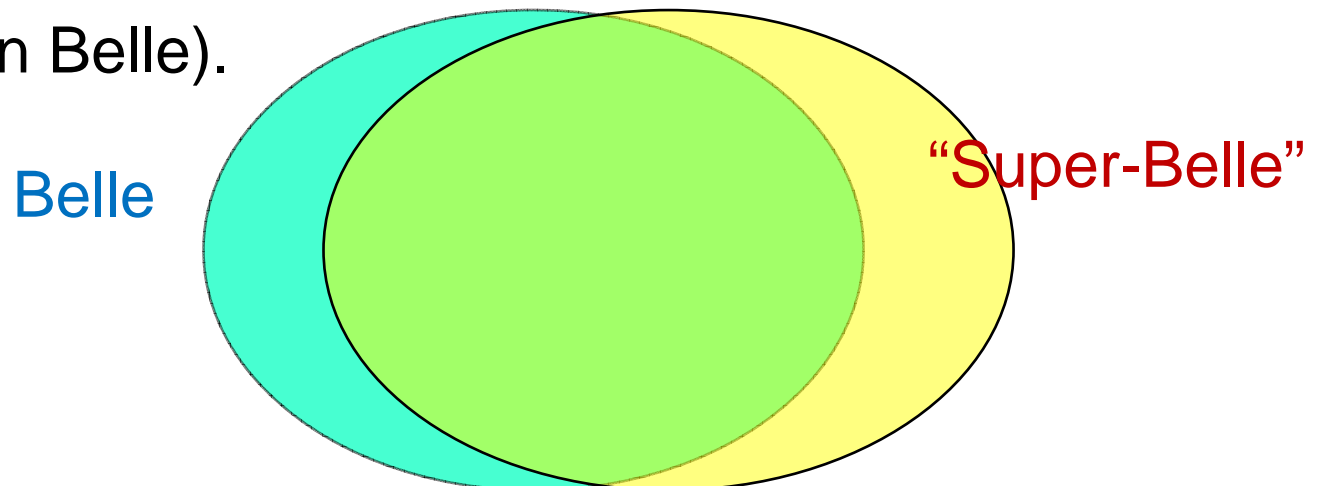

Toru Iijima / Nagoya

March 20, 2008

Open Meeting for Super-KEKB Proto-Collaboration

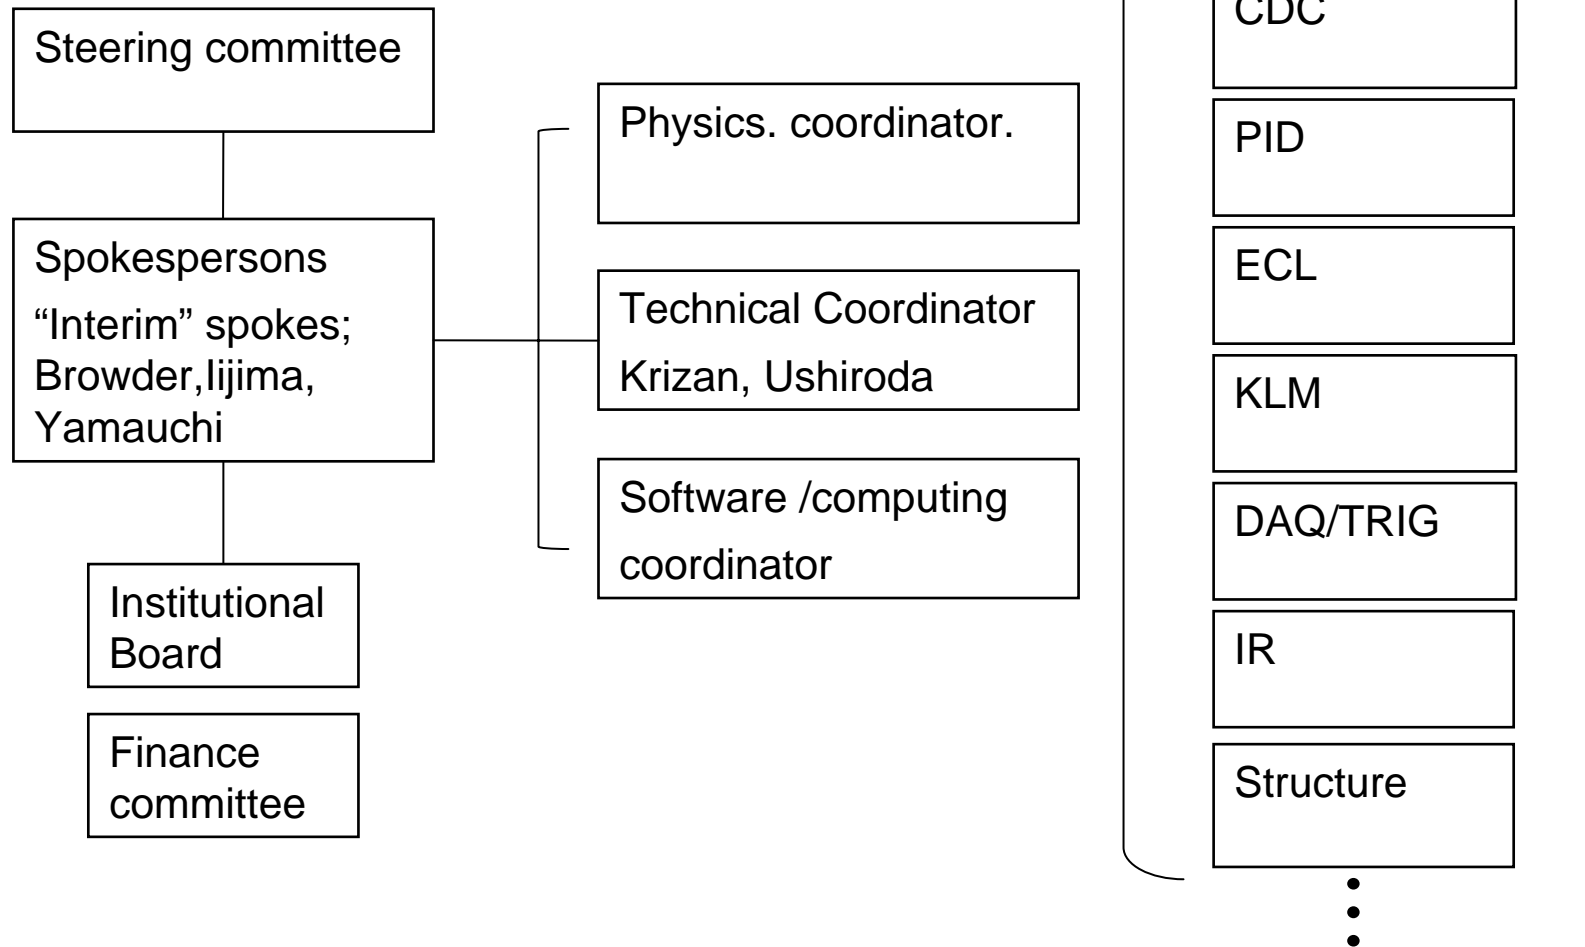

“Belle” & “Super-Belle”

- “Super-Belle” is not a continuation of Belle.
It is a new international collaboration.
- We welcome
 - Present Belle members join “Super-Belle”.
 - New peoples may join “Super-Belle” as well as Belle.
It is okay to join either separately.
 - New peoples from related fields (hadron physics etc.).
- Equal opportunities for all peoples (we do not ask experience in Belle).

“Super-Belle” Organization

Aihara, Browder, Bondar, Chang,
Iijima, Krizan, Ushiroda, Sakai,
Sevior, Yamauchi
+ some from new peoples / regions.

Spokes + Committee

- Before the kick-off, the three Belle spokespersons (T.Browder, T.Iijima, M.Yamauchi) serve as **interim spokespersons** of the new collaboration.
- **Steering committee** discuss organization issues and make preparation works to form the new collaboration.
 - Membership: Aihara, Browder, Bondar, Chang, Iijima, Krizan(chair), Ushiroda, Sakai, Sevier, Yamauchi, German rep. , China rep., Korea rep.,...
 - The committee meeting will be held every month. Minutes will be circulated to the mailing list.
 - The committee also coordinate efforts to invite more peoples.
- We will setup **the finance committee** for funding issues.

Detector Upgrade Efforts

- P.Krizan and Y.Ushiroda serve as the technical coordinators.
- Interim contact persons for the upgrade of each component.
 - SVD: T. Kawasaki, T. Tsuboyama
 - SVD-pixel G. Varner, H. Moser
 - CDC: S. Uno
 - PID: I. Adachi, K. Inami, S. Korpar
 - ECL: A. Kuzmin, I. Nakamura
 - KLM: K. Sumisawa, P. Pakhlov
 - DAQ/TRIG: R. Itoh, Y. Iwasaki
 - IR: H. Yamamoto
- The leadership will be redefined at the kick-off. It will depend on the situation of new peoples' participation and funding etc. We may add more peoples.

To be discussed by Kick-Off

- Policy for spokesperson selection.
- Policy for membership.
- Finance committee.
- Leadership for each subgroup.
- Procedure and schedule to select the detector options.
- Coordinate efforts for the TDR writing.
- Efforts for inviting more peoples.

- Name for the new collaboration ?

Steering committee will discuss these issues and propose at the kick-off meeting. Your opinions are welcome.

Communication

- Webpage: <http://superb.kek.jp/>
- Subgroup Meetings:
See “Google Calendar”
linked from the webpage.
- Email:
superbelle_ml
+ mailing list for each subgroup
- Note:
Peoples are encouraged to post notes for any kind of
studies (physics, detector R&D etc.)

Remarks

- If you are interested in joining, please write to interim spokes. & steering committee chair;
 - Tom Browder (teb#phys.hawaii.edu)
 - Toru Iijima (ijijima#hepl.phys.nagoya-u.ac.jp)
 - Masanori Yamauchi (masanori.yamauchi#kek.jp)
 - Peter Krizan (peter.krizan#ijs.si)

- The next meetings;
 - July 3-4, 2008 at KEK
 - December 10-11, 2008 at KEK

Final Message

(also for peoples who could not come to this meeting)

Please Join Us !

**Let's Enjoy Physics
at Super-KEKB !**
